“Then you will be able to have that first special sexual experience”

Matt McMullen

"They will be able to flirt with her and talk about sex but they can't truly have sex with her.

"It would be similar to having a long distance relationship, getting to know them on a personal level and you are attracted to them but you haven't met them in person so you can't touch them.

"But once you get the robot – then you will be able to have that first special sexual experience."

As it turns out, the top sex robot pioneer said many fellas may opt to lose their virginity to cyborgs too.
